FROM THE DESK OF THE

Superintendent, Principal & Founder

T.C.P. World Academy strives to continually improve our program and keep parents and the public informed of our progress. This annual report is prepared to inform you of our academic achievements and financial management. Also included in this report are staff and student attendance rates, as well as information about our program and how we maintain a positive, effective learning environment.

In spite of a few academic setbacks with a few less experienced staff members, T.C.P. World Academy rose from fifth to the fourth top charter elementary school in Ohio, as of July 2018. This ranking is from Niche.com, a website that ranks K-6 schools in the country based on test scores, public ratings, report cards, and other data

An average of 70.75% of our grades 3-6 students scored proficient or above in the English Language Arts test (compared to 63.5% of all test takers in our state). We fell short of our Mathematics achievement goal this year, even though we scored higher than the state average proficiency level. An average of 65% of our grades 3-6 students scored proficient or above in the Math test (compared to 64.5% of all test takers in our state). Our test scores are graphed and tabulated in the following pages.

While we treasure our accomplishments, we set our eyes on growth. This year, the student attendance rate is 94.39%, while the staff attendance rate is 96%. We continually improve our instructional programs. This year, we purchased 74 additional laptop computers for students in grades 2-6; the school now has 474 computers. They will continue using Accelerated Reader to assess their comprehension of the 25 on-or-above grade-level books they are challenged to read each year and will additionally utilize the computerized Accelerated Math. The additional computers will allow us to more effectively utilize the Star Reading and Star Math to supplement assessment of reading and math grade level of knowledge and skills of students in Grades 1-6. Students became even more skilled in research and computer typing skills this past school year. We plan to help them continue to improve in the upcoming school year.

This year, we will also increase our technology resources for the primary students, ensuring that all students are growing not only in their academic but also real-life skills. We will also improve our online presence to provide parents and the community with the most up-to-date information about our school.

Every classroom has a classroom library and T.C.P. World Academy partnered with the Public Library's Pleasant Ridge Branch for library training programs and for the supply of additional books to support classrooms every month. We believe that the more students read, the more knowledge and skills they will

acquire on their own. Remember our 16th President of the United States, Abraham Lincoln was a self-taught man who read much on his own.

This report is intended to provide parents, guardians and students a glimpse of the past year. In addition to the Spring 2018 Ohio Achievement Assessment results, we have also included an annual financial report.

I believe that successful education for any child requires a high level of cooperation and communication between home and school. I invite you to join us in our pursuit of excellence in the 2018-2019 school year and ask that you actively participate in helping us to meet the challenge ahead.

Sincerely,

Karen Y. French
Superintendent/Principal

Word from our Sponsor

Educational Resource Consultants of Ohio, Inc., (ERCO) sponsor of the school, is legally mandated to provide oversight, monitoring and technical assistance. All community school sponsors are required to submit a written report of the evaluation results of the school's academic, financial, and organizational performance as well as the school's legal compliance to the Ohio Department of Education. This report must be made available to parents of students enrolled in the community school by November 30th of each year (OAC3301-102-05 (A) (3)). An annual report regarding the performance of this school and other schools under the sponsorship of ERCO will be posted on our website www.ercoinc.org no later than November 30th of the current school year. Parents are urged to review this report, as well as other monitoring and evaluation reports concerning the school. These reports are available at the school, or the sponsor's office. The reports are generated to provide you with a full comprehensive understanding of the school's performance.
